To whom it may concern,

Mr. Nathaniel Bugeja, ID. Card No. 402700L, has delivered various ECDL related courses at our Institute since 2021. Nathaniel is very hardworking, prepares well in advance for the training sessions, whilst adapting the lesson delivery according to the audience he has.

Any necessary research work was done under his own initiative, when needed. Nathaniel has very good communication skills and is also very patient when dealing with others.

He would definitely be a great asset to any team/company he joins.
